Adjourn

#### **Capital District Transportation Authority**

Performance Monitoring/Audit Committee

Meeting Minutes - September 17, 2025, 2025, at 12:05 PM; 110 Watervliet Avenue, Albany

In Attendance: Peter Wohl, Jayme Lahut, Jackie McDonough, Frank Annicaro, Chris Desany, Lance Zarcone, Amanda Avery, Jaime Kazlo, Jon Scherzer, Dave Williams, Stacy Sansky, Thomas Guggisberg, Rich Cordero, Trish Cooper, Jeremy Smith, Jack Grogan, Michael Williams, Sarah Matrose, Gary Guy, Rich Nasso Jr., Kelli Schreivogl, Elide Oyanedel, Emily DeVito, Keosha Miles

#### **Meeting Purpose**

Regular monthly meeting of the Performance Monitoring/Audit Committee. Peter Wohl noted that a quorum was present. Minutes from August 20, 2025, meeting were reviewed and approved.

#### **Administrative Discussion Items**

#### **August Service Changes**

- Chris Desany provided an update on the August Service Realignment.
- Stakeholder outreach was proactive and stop relocations were communicated in advance. Complaints remained low—only 22 in total, with just 12 tied to service changes.
- Field monitoring showed buses operated within capacity, delays were minimal, and increased student demand was handled using articulated buses. On-time performance dipped slightly.
- Looking ahead, schedule adjustments, enhanced operator training, and targeted bus assignments are planned for November. Continued monitoring and engagement will guide the next round of service changes, with Board review scheduled for October.

#### **Triennial Review Update**

- Melissa Shanley provided an update on Triennial Review which was conducted by the DMP Group, a federal contractor, following a site visit in June 2025.
- The review covered 23 areas, 20 of which applied to CDTA. Three findings were identified:
  - 1. Modification needed in FFR reporting for unliquidated obligations.
  - 2. A separate lease agreement was required for theater service vehicles operated by Upstate Transit.
  - 3. ADA reporting for equivalent Flex service was incomplete.
- All findings were resolved prior to the final report issued on August 25, 2025.

#### **Monthly Management Report**

- Patricia Cooper provided the Monthly Management Report for August.
- Mortgage Recording Tax continued to outperform, up 10% for the month and 18% year-to-date.
- Customer fares were slightly below budget but improving, with August less than 1% under and the year-to-date gap narrowing to 5.6%.
- Investment income exceeded expectations by 24%, supported by effective cash management and updated money market policies.
- On the expense side, wages were 8.75% under budget for August and nearly 6% under year-to-date,
- Purchased transportation was slightly over budget in August (2.36%) but remains 9% under for the year, the strongest performance in recent years.
- Overall, total expenses were 3.4% under budget, generating a \$1.7 million year-to-date surplus and \$2.1 million in total YTD savings

#### Monthly Non-Financial (performance) Report

- Gary Guy provided the non-financial report for August.
- Fixed route ridership increased by 2% compared to July, reflecting the seasonal return of school and university populations. Year-to-date ridership is up 2.6% over the prior year.
- Accident trends showed 19 preventable accidents in August, a slight decrease from July, but a 6% increase year-to-date. Non-preventable accidents rose to 23, up 13% year-to-date.
- **STAR paratransit services** saw a 2% ridership increase month-over-month and 8.4% growth year-to-date.
- STAR on-time performance dipped slightly by 0.3% in August but remained up 10.3% year-over-year

#### **Next Meeting**

Thursday, October 23, 2025, at 11:00AM via Microsoft Teams and at 110 Watervliet Ave.

# Capital District Transportation Authority Agenda Action Sheet

**Subject:** Contract Award for Advocacy Services

**Committee:** Performance Monitoring/Audit

Meeting Date: October 23, 2025

#### **Objective of Purchase or Service:**

Contract award for advocacy services to Park Strategies, LLC of Albany, New York.

Summary of Staff Proposal: CDTA uses a professional firm to help us advocate at the state level. The current contract is set to expire in November, and a new one is required to maintain services. A Request for Proposals (RFP) was issued outlining CDTA's need for advocacy services and expected outcomes of a partnership with an advocacy firm. The RFP requested firm qualifications including their transportation experience and familiarity with the Capital Region landscape. Two proposals were received, based on proposal reviews, consideration of the work required, and the work of the incumbent, staff recommends that we contract with Park Strategies.

#### **Financial Summary/Cost:**

Annual Cost: \$84,800 Five Year Cost: \$424,000

#### **Proposed Action:**

I recommend a three-year contract with two optional one-year renewals for Advocacy Services be awarded to Park Strategies, LLC of Albany, NY for an amount not to exceed \$424,000 over the contract term.

#### Prepared by:

Jaime Kazlo, Chief of Staff

#### Manager:

Frank Annicaro, Chief Executive Officer

## CAPITAL DISTRICT TRANSPORTATION AUTHORITY Agenda Action Proposal

Subject: Auto Physical Damage Insurance Committee: Performance Monitoring/Audit

Committee Meeting Date: October 23, 2025

**Objective of Purchase or Service:** Auto Physical Damage provides insurance for vehicles in the event of fire, theft, vandalism, collision and natural perils and is rated and priced based on the dollar value of our fleet. The current value of our fleet is about \$96 million with our fleet garaged at four separate locations. We currently have a \$60,000,000 per occurrence limit with deductibles ranging from \$2,500 dollars for service vehicles to \$20,000 for buses.

**Summary of Staff Proposal:** NFP Property & Casualty Services Corp (NFP) approached several markets and received one proposal from our incumbent, Lexington Insurance, one quote from Ascot Insurance and one quote from Starr Surplus Lines. Exhibit A summarizes the program components.

We received three proposals with three insurance layers that will, in conjunction, provide \$60 million in coverage. Lexington Insurance proposed a 4.5% decrease to the rate per \$100 of value, from \$0.31035 to 0.2965. Lexington's occurrence limit is \$25 million for a premium of \$307,030.38, which includes the increase in fleet value of +1.5%. Ascot Insurance Company is quoting the \$15 million excess of \$25 million limit layer for \$98,958.00. Starr Surplus Lines Insurance Company has quoted the \$20M limit layer excess of \$40M limit for \$75,956.42.

**Finance Summary and Source of Funds:** The one-year cost of the Auto Physical Damage Insurance is \$481,944.90 and is included in our annual operating budget. This represents a 2.5% decrease and are effective for one year starting on November 10, 2025.

#### **Proposed Action:**

I recommend the following one-year contracts to:

- 1) Lexington Insurance Company of 99 High Street, 23rd Floor Boston, MA for the first \$25 million layer for Auto Physical Damage coverage for \$307,030.48 effective November 10, 2025.
- 2) Ascot Insurance Company of 55 W 46th Street New York, NY for the \$15 million excess of \$25 million layer of Auto Physical Damage coverage for \$98,958.00 effective November, 10, 2025.
- 3) Starr Surplus Lines Insurance Company of 399 Park Avenue New York, NY for the \$20 million excess of \$35 million layer of Auto Physical Damage coverage for \$75,956.42 effective November 10, 2025.

#### **Project Manager:**

Kelli Schreivogl

## CAPITAL DISTRICT TRANSPORTATION AUTHORITY Agenda Action Proposal

Subject: Auto & General Liability Insurance Committee: Performance Monitoring/Audit

Committee Meeting Date: October 23, 2025

**Objective of Purchase of Service:** Auto & General Liability provides insurance protection for claims of injury and damage to people and property of others caused by the operation of our business. NFP Corp, formally Rose & Kiernan (R&K) pursued several markets to obtain competitive proposals for this insurance. We have a \$2 million self-insured retention (SIR) policy with \$13 million in excess coverage above our SIR. The SIR is similar to a deductible, and we pay the first \$2 million of any claim.

Excess coverage is typically purchased in two layers above our \$2 million SIR. The first layer is an excess policy of \$8 million and the second layer is a \$5 million policy, for total excess coverage of \$13 million. This year, however, we are proposing three levels.

**Summary of Staff Proposal:** NFP approached 33 markets but received only one proposal for our primary excess layer (\$5 million), one proposal for second excess layer (\$3 million) and one proposal for our third excess layer (\$5 million). Our primary excess layer carrier, American Alternative, had a reduction in capacity this year resulting the need for a third layer excess layer to obtain \$13 million in limit excess of our \$2 million self-insured retention.

American Alternative (incumbent) provided a renewal quote of \$442,000 for the first \$5 million layer of excess insurance. Last year American Alternative provided the first \$8 million layer of excess insurance, however due to change in capacity available they can only offer \$5 million. They remain the most competitive carrier for the first layer of excess. Gemini Insurance Company will provide the second layer of excess limit at \$3,000,000 for \$177,308.75. Allied World Assurance will provide the third layer of excess limit at \$5 million for \$202,312.50. We also purchase coverage for Non-Certified Acts of Terrorism with Lloyds of London for \$16,473.43. This policy covers both the Liability and our Auto Physical Damage insurance program.

**Finance Summary and Source of Funds:** The one-year cost of the Auto & General Liability Insurance is \$838,094.68 and is included in our annual operating budget. The premiums represent an 11% increase and are effective for one year starting on November 10, 2025.

#### **Proposed Action:**

I recommend a contract for the first \$5 million layer of excess coverage to American Alternative for \$442,000.00; a contract for the second layer of excess coverage of \$3 million to Gemini Insurance Company for \$177,308.75; a contract for the third layer of excess coverage of \$5 million to Allied World Assurance for \$202,312.50; and a contract for Non-Certified Acts of Terrorism coverage to Lloyds of London Insurance at a cost of \$16,473.43.

#### **Project Manager:**

Kelli Schreivogl

**Note:** The insurance carrier's addresses are on page two.

#### **Carrier Addresses:**

<u>Lead Excess Liability - \$5,000,000:</u> American Alternative Insurance Corporation 555 College Road East Princeton, NJ 08543

Excess Liability - \$3,000,000 above the \$5,000,000: Gemini Insurance Company 7233 East Butherus Drive Scottsdale, Arizona 85260-2410

Excess Liability - \$5,000,000 above the \$8,000,000: Allied World National Assurance Company 199 Water Street New York, New York 10038

Non-Certified Acts of Terrorism – Excess General Liability and Auto Liability: Lloyd's of London 520 Madison Avenue 32<sup>nd</sup> Floor New York, New York 10022

#### Memorandum

October 7, 2025

To: Performance Monitoring/Audit Committee

From: Denise Figueroa, Chairperson of the Investment Committee

Subject: Quarterly Investment Report – September 2025

I have attached the third quarter 2025 investment report and the actions taken by the investment committee on September 22, 2025. Included is the five-year graphical view of our investment accounts followed by a table showing specific market values for each account as of September 30th of each calendar year.

Please note that there is a lag between the portfolio report used for our investment meeting and the month-end report, which reflects a small difference in market values.

If you have any questions, please let me know.

Copy: Frank Annicaro Patricia Cooper

#### **Summary of Investment Committee Actions**

Meeting date: September 22, 2025

#### **Summary**

The Investment Committee met on September 22, 2025, with Bob Hennes and Kim Saba of Graypoint (GP). The Federal Reserve reduced interest rates ½% in September 2025. The Fed's dual mandate of providing stable prices and an economy at full employment led them to the ½% cut. Throughout 2025 financial markets have been dealing with uncertainty surrounding the proposed tariffs and their impact on the economy. Inflation is running closer to 3% vs. the Feds target of 2% which have some concerned the Fed is ignoring their mandate. Lately, the Fed has become more focused on the new job numbers, which has shown a slowdown in hiring. The financial markets expect the Fed to make additional interest rate cuts this year and additional cuts next year which has resulted in interest rates moving lower in anticipation of these cuts. GP recommends reinvesting out one year or longer, depending on cashflow needs.

A summary of each investment account and related actions is provided below.

#### **Capital Projects & Local Match**

Market Value: \$13,359,319

Summary of action: We will reinvest the \$2,578,385 currently in the money market into a Treasury Note maturing 3/15/28 at 3.54%, or best available rate. The Committee agreed and directed GP to take such action.

#### **Operating Account**

Market Value: \$13,142,234

Summary of action: We will reimburse ourselves \$2,187,500 as budgeted in our operating plan from a Treasury Bill maturing on 10/02/25. We will invest \$361,067, including \$90,000 Treasury Note maturing 10/15/25 in a Treasury Note maturing 9/30/27 at 3.58%, or best available rate. The Committee agreed and directed GP to take such action.

#### **Vehicle Replacement Reserve**

Market Value: \$1,049,087

Summary of action: the \$591 in the money market fund will remain there. No action needed at

this time.

#### **Risk Management Account**

Market Value: \$3,653,033

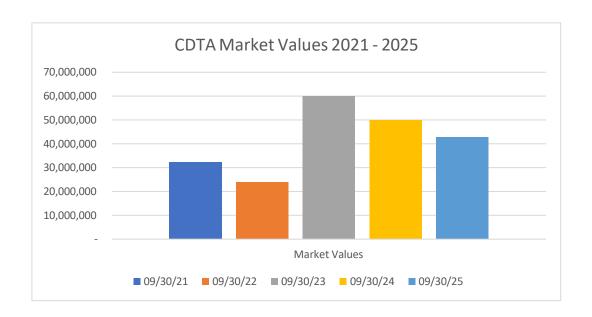

Summary of action: We have \$1,058,275 to reinvest from the recent maturity currently in the money market and \$250,000 Treasury Note maturing on 10/15/25. We are reinvesting these funds in a one-year Treasury Bill maturing 9/3/26 at 3.6%, or best available rate. The Committee agreed and directed GP to take such action.

#### **Workers' Compensation Account**

Market Value: \$11,677,845

Summary of action: We have \$631,170 to reinvest from a recent maturity and \$1,450,000 in a Treasury Note maturing on 11/15/25. We will leave \$250,000 in the money market for Workers' Compensation expenses and reinvest \$1,826,170 into a Treasury Note maturing on 8/31/29 at 3.63%, or best available rate. The Committee agreed and directed GP to take such action.

Total Market Value of Accounts \$42,881,518

#### Revenue Summary

- 1 MRT is 47% over budget for the month due to \$700k month for Albany. YTD MRT is 23% over budget.
- 2 Customer fares continue to trend under budget. Fares are 6.4% under budget in September which is a shorter month and had a holiday. YTD customer fares are 5.7%

YTD Revenue YTD Expenses

-3.58%

3 Facilities Income is over budget 5.7% for the month and 6.9% YTD driven by parking revenue and West Facility rents.

#### **Expense Summary**

- 4 Wages are under budget 5.75% for the month and 5.96% YTD. Realignment and gained efficiencies are producing the savings.
- 5 Professional services are 13% under budget in September and under budget by 13% YTD.
- 6 Purchased Transportation is 2.36% over budget in August and stayed around 9% over budget YTD.
- 7 Other Benefits are over budget 15% in September due to timing but are only 1.4% over budget YTD.

**Note** Overall, we are in a satisfactory budget position, with a surplus of \$2.4 million.

| No | Key Points  |
|----|---|
| 1  | Overall system performance for September 2025 reflects steady progress across most key indicators, supported by improved reliability, safety, and service consistency.  Total ridership is 1.4% higher YTD than the prior fiscal year, reflecting modest growth in overall system usage. Continue to closely monitor ridership through planned service realignment campaigns. |
| 2  | System-wide On-Time Performance (OTP) improved slightly (+1.5% YOY, +0.3% YTD), signaling continued stability and reliable service delivery. Continue route-level OTP analysis and refine scheduling where needed. Continue real-time operational monitoring through planned service realignment campaigns.   |
| 3  | MDBSI (Mean Distance Between Service Interruptions) showed a dramatic improvement, underscoring enhanced fleet performance and maintenance efficiency. Preserve reliability gains through predictive maintenance programs   |
| 4  | Preventable accidents declined by YOY, highlighting a strong commitment to safety, though the 4.9% YTD increase suggests recent fluctuation that will be monitored closely. Sustain safety improvements with ongoing operator coaching and refresher training   |
| 5  | Non-preventable accidents increased by YOY and YTD, reflecting rising external risk factors such as traffic congestion, environmental conditions, and other patterns. Investigate and collaborate with municipalities to address high-risk intersections and identify external hazards. Continue to reinforce defensive driving techniques through refresher training.        |
| 6  | STAR Paratransit ridership grew YOY and YTD, continuing a consistent upward trend in demand for mobility services for seniors and individuals with disabilities. Ensuring capacity planning aligns with growing demand. Explore scheduling optimization tools and staff training enhancements to maintain service reliability and customer satisfaction.                      |
| 7  | STAR On-Time Performance improved YOY and YTD, demonstrating strong adherence to scheduling standards. Maintain OTP gains through continued focus on operator and radio controller accountability and Trapeze data.   |
| 8  | STAR customer comments increased YOY and YTD, suggesting higher engagement and feedback activity as overall ridership levels steadily increased. Conduct trend analysis on comment types to identify recurring service issues. Strengthening customer relations by proactively communicating improvements and closing the feedback loop.                                      |

Definitions Page 7

Total Riders – Includes fixed route, STAR, NX, cash fare, Navigator, contracts (primarily UA), employees, and special events/trolley.

Fixed Riders – Includes fixed route, NX, cash fare, Navigator, contracts (primarily UA), employees, and special events/trolley.

**System Wide OTP** % – On-time performance: The percentage of departures that occurred between 5 minutes late and 1 minute early. This is calculated across all time points in all routes in the system except at the last time point of a route, which calculates On-Time as between 5 minutes late and 15 minutes early. Departures more than 30 minutes late or more than 15 minutes early are excluded along with School Trips, Shopping Trips, and NX routes.

**PMI – Not on Time** – A Preventive Maintenance Inspection (PMI) is a routine (periodic) service and examination of the vehicle to identify potential defects before they fail. This measure is the work orders completed within 500 miles before and 500 miles after the scheduled mileage (6,000), divided by the number of PMI's done for the month.

Percent of Trips Missed – Missed trips collected by dispatchers divided by total trips planned. Missed trips include those due to mechanical issues and operator availability.

**Scheduled Work** – Unscheduled work is anything identified during a driver vehicle inspection, or caused by a breakdown. Scheduled work is anything else (primarily as a result of a PMI). This metric is the radio of scheduled work to unscheduled work.

**MDBSI** – Mean distance between service interruptions: Total Miles Operated divided by number of service interruptions. A service interruption is defined as Incident, accident, operator running late, traffic delays, tire issues, etc., causing a service interruption (delay) of 5 minutes or more.

**Preventable Accidents** – An accident is considered preventable if it is due to an operator's failure to drive in a safe and professional manner. Accident categorizations may experience minor fluctuations after the fact for the prior month (after this report is generated).

**Non-Preventable Accidents** – An accident is considered non-preventable if the operator did everything that is reasonably expected of a defensive driver to avoid the accident. Accident categorizations may experience minor fluctuations after the fact for the prior month (after this report is generated).

**Percent Days Not Worked** – Total workdays scheduled in the Maintenance and Transportation departments divided by the total number of days not worked. Days not worked can be due to disability/workman's compensation, disqualification, excused time, FMLA, leave of absence, missed/late time, sick leave, suspension, or unexcused absence.

**Fixed/Shuttle Complaints** – Any comments/complaints related to our regular route network, including the Northway Xpress. These are generally related to the on-street service expectations of our customers, from operator conduct to on time performance.

Other Complaints – This category is for comments tied to any claims, service requests, fare disputes, or anything related to FLEX and any other non-categorized comments.

Complaints Not Addressed in 10 Days – Comments are submitted, reviewed, assigned and investigated by division. Once investigation is complete and customer is contacted, complaint is "addressed".

Website Page Views – This measures how many times someone has viewed an entire page including all text, images, etc. Alternatively, visits are defined as a series of hits from any particular address (source location). If any two hits are separated by 30 minutes or more, typically two visitors are counted.

#### **Definitions (STAR)**

**STAR Riders** – Actual (not scheduled) ridership, including personal care assistants and other passengers.

**STAR On-Time Performance** - Percentage of bookings which were on-time for both their pick-up and, where applicable, their drop-off. A pick-up is considered on-time if the vehicle arrived no more than 10 minutes after the pick-up scheduled time. If the booking has a drop-off scheduled time (such as in the case of a doctor appointment), the vehicle must also arrive at the drop-off no later than that scheduled time to be considered on-time. If the booking has no drop-off scheduled time, then the drop-off is not considered for on-time performance. In instances where the vehicle arrived at the pick-up but the client did not take the trip (such as no-shows, missed trips and cancels-at-door), on-time performance is only judged by pick-up arrival time since the drop-off cannot be performed. Only considers trips for which data entry is complete and has passed a quality check. This data is one month behind all other data.

**STAR Missed Trips** - Count of monthly STAR trips where the client was transported late outside of the 25-minute window, did not take the trip and also did not cancel, or the client was not transported because STAR was too late.

STAR Reservation Calls in Queue Over 5 Minutes - Count of times customers had to wait for over five minutes before being connected with a STAR reservationist after selecting to do so.

**STAR Customer Comments/Complaints** - Number of comments or complaints related to STAR service.

STAR Applications Received - Counts every client whose application has been received and entered in Trapeze.

Page 7

This page provides insights into current month and Year-To-Date (YTD) performance, including percentage changes compared to the same period last year.

Total Riders - Includes fixed route, STAR, NX, cash fare, Navigator, contracts (primarily UA), employees, and special events/trolley.

Fixed Riders - Includes fixed route, NX, cash fare, Navigator, contracts (primarily UA), employees, and special events/trolley.

System Wide OTP % — On-time performance: The percentage of departures that occurred between 5 minutes late and 1 minutes early. This is calculated across all time points in all routes in the system except at the last time point of a route, which calculates On-Time as between 5 minutes late and 15 minutes early. Departures more than 30 minutes late or more than 15 minutes early are excluded along with School Trips, Shopping Trips, and NX routes.

PMI — Not on Time — A Preventive Maintenance Inspection (PMI) is a routine (periodic) service and examination of the vehicle to identify potential defects before they fail. This measure is the work orders completed within 500 miles before and 500 miles after the scheduled mileage (6,000), divided by the number of PMI's done for the month.

Percent of Trips Missed – Missed trips collected by dispatchers divided by total trips planned. Missed trips include those due to mechanical issues and operator availability.

**Scheduled Work** – Unscheduled work is anything identified during a driver vehicle inspection, or caused by a breakdown. Scheduled work is anything else (primarily as a result of a PMI). This metric is the radio of scheduled work to unscheduled work.

**MDBSI** – Mean distance between service interruptions: Total Miles Operated divided by number of service interruptions. A service interruption is defined as Incident, accident, operator running late, traffic delays, tire issues, etc., causing a service interruption (delay) of 5 minutes or more.

**Preventable Accidents** — An accident is considered preventable if it is due to an operator's failure to drive in a safe and professional manner. Accident categorizations may experience minor fluctuations after the fact for the prior month (after this report is generated).

**Non-Preventable Accidents** – An accident is considered non-preventable if the operator did everything that is reasonably expected of a defensive driver to avoid the accident. Accident categorizations may experience minor fluctuations after the fact for the prior month (after this report is generated).

Percent Days Not Worked – Total workdays scheduled in the Maintenance and Transportation departments divided by the total number of days not worked. Days not worked can be due to disability/workman's compensation, disqualification, excused time, FMLA, leave of absence, missed/late time, sick leave, suspension, or unexcused absence.

Fixed/Shuttle Complaints – Any comments/complaints related to our regular route network, including the Northway Xpress. These are generally related to the on-street service expectations of our customers, from operator conduct to

on time performance.

Other Complaints – This category is for comments tied to any claims, service requests, fare disputes, or anything related to FLEX and any other non-categorized comments.

Complaints Not Addressed in 10 Days - Comments are submitted, reviewed, assigned and investigated by division. Once investigation is complete and customer is contacted, complaint is "addressed".

Website Page Views – This measures how many times someone has viewed an entire page including all text, images, etc. Alternatively, visits are defined as a series of hits from any particular address (source location). If any two hits are separated by 30 minutes or more, typically two visitors are counted.

#### Definitions (STAR)

**STAR Riders** – Actual (not scheduled) ridership, including personal care assistants and other passengers.

STAR On-Time Performance - Percentage of bookings which were on-time for both their pick-up and, where applicable, their drop-off. A pick-up is considered on-time if the vehicle arrived no more than 10 minutes after the pick-up scheduled time. If the booking has a drop-off scheduled time (such as in the case of a doctor appointment), the vehicle must also arrive at the drop-off no later than that scheduled time to be considered on-time. If the booking has no drop-off scheduled time, then the drop-off is not considered for on-time performance. In instances where the vehicle arrived at the pick-up but the client did not take the trip (such as no-shows, missed trips and cancels-at-door), on-time performance is only judged by pick-up arrival time since the drop-off cannot be performed. Only considers trips for which data entry is complete and has passed a quality check. This data is one month behind all other data.

performance is only judged by pick-up arrival time since the drop-off cannot be performed. Only considers trips for which data entry is complete and has passed a quality check. This data is one month behind all other data. **STAR Missed Trips** - Count of monthly STAR trips where the client was transported late outside of the 25-minute window, did not take the trip and also did not cancel, or the client was not transported because STAR was too late. **STAR Reservation Calls in Queue Over 5 Minutes** - Count of times customers had to wait for over five minutes before being connected with a STAR reservationist after selecting to do so.

**STAR Customer Comments/Complaints** - Number of comments or complaints related to STAR service.

**STAR Applications Received** - Counts every client whose application has been received and entered in Trapeze.

Percentage Change Calculation: Percentage Change = ((Current Year Value - Last Year Value) / Last Year Value) × 100
